

CITB Site Supervisors' Safety Training Scheme (SSSTS)

Accreditation	CITB
Course Duration	2 Days
Certificate valid for	5 Years
Grant Available	Subject to CITB eligibility

Who should attend?

The CITB Site Supervisors' Safety Training Scheme (SSSTS) is designed for those who have supervisory responsibilities or are about to get them.

Course Information

This course teaches Supervisors about health, safety, welfare, and environmental issues, as well as their legal responsibilities as they relate to their jobs. It will emphasise the need of promoting health and safety in order to successfully supervise

Course Content

- Understanding the problems of the industry
- Understanding how health and safety law is structured, and how it applies to supervisors
- Identify how their supervisory role fits in with the management structure in controlling the site safely
- Carry out risk assessments and understand the need for method statements
- Carry out effective site inductions, toolbox talks and method statement briefings
- Monitor site activities effectively
- Understand the importance of timely intervention when bad practice is identified

Entry Requirements

Learners must hold or be about to hold the role of a supervisor. Learners should be competent in English at Site Supervisor level.

Learner Numbers

The maximum number of learners for this course is 20, with a minimum of 4.

Assessment

Learners' knowledge is assessed through an exam paper at the end of the course. Learners are also expected to actively participate during the course.

The examination lasts for 30 minutes and consists of 25 questions. The pass mark is 80% (24 out of 30). Should a learner fail the exam, re-sit options may be available.

Certification

Those who successfully complete the course will receive a CITB Site Supervisors' Safety Training Scheme certificate valid for 5 years.

CITB Grant Levy

Available – Subject to CITB eligibility
